Gas at stations around Chesterfield are nearing \$4 per gallon, for unleaded gasoline. Premium grade has already passed that threshold.

The Shell/Circle K at the intersection of Chesterfield Parkway and Olive offered gas at \$3.799 per gallon, unleaded, Tuesday afternoon. Premium gas was \$4.119.

The premium gas was \$0.42 cheaper last Wednesday, July 10, at the same Shell/Circle K.

The BP Gas, across from the Shell, at the Chesterfield Parkway and Olive intersection, offered the same price Tuesday afternoon, of \$3.799 per gallon for regular gas, or \$3.599 per gallon of unleaded gas with the purchase of a car wash.

How does your gas station compare? How are you reacting to the rising gas prices?
